

WAVERLEY TENNIS NIGHT TENNIS ONLINE SCORING

SIMPLE AND EASY SUMS IT UP!

Saves postage (and forgetting to post cards!) and allows us to provide you with updated ladders much earlier.

Before we start, the cards that you have received need to be fully filled out for each match and retained by the home club/captain for the duration of the season. Should a query occur over entered scores the card concerned will be called for, and results on it signed by both captains, will be final.

ACCESSING THE SYSTEM.

You need a *personal ID and Password* to access the website. These are available either from your club or from your Waverley night convenor. Some clubs prefer to enter results others are happy for captains to enter results. You need to sort this out at your club.

TIME FRAMES

Like everything in the world we live in time frames are important. Results have deadlines!

Monday night matches must be entered by **5.30 PM Wednesday**

Tuesday by **5.30 PM Thursday**

Wednesday by **5.30 PM Friday**

Be Aware! You cannot enter results after these times!!!!!!!!!!!!!! The system closes down.

WHAT IF I MISS THE DEADLINE?

You will need to e-mail your results to your night record secretary including all players names in the order in which they played and the results of each set, total points and total sets. (*Much easier to enter the results*)

HOW TO ENTER RESULTS.

Go to www.waverleytennis.asn.au then scroll down to "Club Zone" click then click again.

The screen will then ask you to enter your personal ID and password. Do so then telephone your night record secretary Eric Beeston (number on the reverse) and he will talk you thru the rest of it. You will find that once you have done it you won't want to post cards anyway!

REMEMBER ONLY HOME TEAMS CAN ENTER RESULTS.

If I can help you in any way please feel free to contact me at any time.

Eric Beeston
Night Convenor
Record Secretary
