Playing Order
Junior Triples – Three for H & A; use Three, Four or Five for Finals.
Night Triples can use either Three or Four for all matches.

If there are errors made either on scoresheet or online entry:

- Scoresheets are final – if mistakes are made and signed by both captains, no amendments allowed.
- Teams MUST check that all details entered are correct and legible.
- Only exception if home team enters details incorrectly on TROLS.
- If lots of errors, start a new scoresheet!

Emergency Registration – Please enter all details. (Juniors only: M/F and Date of Birth is required)

Please retain this scoresheet until end of season.

Comments (include explanation for any incomplete or forfeited rubbers/sets here)

- Please note:**
- Loss of points and UTR scores for an emergency player and the opponent without supply of full correct details to either Junior Record Secretary at the cut-off time of 7 p.m. Monday.
 - The player with missing information will be recorded as 0–6 for each participating set.
 - For inclusion in UTR results, this name must be the one that is being used by the player for UTR. If it is a different name than usual, the results will not be uploaded to the correct profile. The resolution of this must be done by the player’s club Convenor, and then submitted to the relevant Record Secretary.
 - If possible, pre-register an emergency via email with relevant Record Secretary before day of match, to ensure no errors or omissions on scoresheet.
 - We suggest the club Junior Convenor check the details entered on TROLS for Junior emergencies are correct, that is, date of birth and full name of player. This is especially important when the emergency player is playing in an away match.
 - Waverley will not be responding to requests to amend details made directly to any of the Record Secretaries by players or parents.
 - Scoresheets need to be retained for the season, in case the score is challenged.
